## **Natural & Relaxed Wedding Photography**

*This leaflet has the options & costs of me photographing your wedding day. I hope it helps you and when you want further information I will be delighted to assist you.*

*Wedding photography is not just an arrangement of people in a pose. It should capture the spirit of the day, as the results are your memory of it. Unlike many professional photographers I do not attend a wedding intending to create an exact number of pictures. I only photograph one wedding a day and I am at your disposal through the best part of the day.*

*I find that people like how natural my photographs are, and how much they reflect the joy of the day. As well as capturing the day as it happens, I expect friends and family to want relaxed groups. The trick for me is - making sure everyone is enjoying themselves!*

*From a typical wedding there are at about 100 pictures produced. This is not decided by me, more so by the length of time you wish me to be present. Your photographs are mounted into a temporary album to browse at home. Friends & relations can order odd pictures on the forms provided. Your pictures can also be available to view on the internet and the link can be emailed to your friends.*

*You can see my photographs displayed in Grovers, which is open six days a week. Your photographs are processed by myself at Grovers in our fabulous digital lab. Consequently I have the unlimited resources to make the very best of your pictures. You can see thousands of my pictures at [www.fabpix.biz](http://www.fabpix.biz)*

*Your photographer should be properly insured. I have professional liability, indemnity and public liability insurance. However, I strongly recommend taking your own comprehensive insurance for the entire Wedding Day.*

*Please note all payments are by cash or cheques*

*I only attend one wedding a day, so if you are interested in my services at your wedding obviously it is advisable to seek an early booking. You are likely to want to know more, please feel free to contact myself at anytime.*

*There are two packages, the 8"x6" Package and the Wedding Book, each with various options:*

*8"x6" Package. A collection of up to 60 pictures are included in the package price of £570.00. There are likely to be more, which you can purchase at the discounted price of £3.00 per picture, if you take them all. This package is ideal for those who do not require an album.*

- 1. A non-returnable part payment of £190.00 will secure your booking.*
- 2. Six months before your wedding day a non-returnable £190.00 is due.*
- 3. One month before a non-returnable £190.00 is due.*

**The Wedding Book.** The most creative and distinguished presentation of your photographs. Your Wedding Book will be unique and has an individual arrangement of your photographs. You will decide the photographs for each of the forty 10"x14" pages. There is a choice of covers with your favourite picture printed on it. Inside it is book bound and the pages are photographically printed.

You can increase the number of pages once you have decided which photographs are to feature in your Wedding Book. The pages can be laminated for a heavier and sturdier finish. Take a look at the Metallic Paper samples; it is a great new look for your Wedding Book.

The package price is £999.00 and includes the photography during your day up to the reception "Wedding Breakfast". Payment of this as follows:

1. A non-returnable part payment of £333.00 will secure your booking.
2. Six months before your wedding day a non-returnable £333.00 is due.
3. One month before a non-returnable £333.00 is due.
